RED DEER, ALBERTA--(Marketwired - November 21, 2014) - Parkland Fuel Corporation ("Parkland" or the "Corporation") (TSX: PKI), North America's fastest growing distributor and marketer of fuels and lubricants, announced today the closing of its previously announced private placement of senior unsecured notes due 2022 (the "Notes") with an aggregate principal amount of \$200 million (the "Offering"). The Notes bear interest at the rate of 6.0% per annum, payable semi-annually in arrears.

On September 17, 2014, Parkland announced that it entered into a definitive agreement to acquire the assets of Pioneer Energy (the "Acquisition"). The net proceeds of the Notes are expected to be used by Parkland to fund a portion of the Acquisition's purchase price. In the unlikely event that the Acquisition is not completed, the net proceeds of the Notes are expected to be used by Parkland to repay amounts drawn on its credit facilities and for general corporate purposes including, without limitation, to fund its working capital requirements and potential future acquisitions.

The Offering was underwritten by RBC Capital Markets and Scotiabank as joint bookrunners, and Canaccord Genuity, CIBC World Markets and National Bank Financial as co-managers.

The Notes have not been and will not be registered under the United States Securities Act of 1933 (the "U.S. Securities Act"), or any state securities laws, and were offered in the United States only to qualified institutional buyers in reliance of Rule 144A under the U.S. Securities Act and applicable state securities laws and outside the United States in offshore transactions in reliance of Regulation S under the U.S. Securities Act.

This announcement does not constitute an offer to sell or the solicitation of an offer to buy any security and shall not constitute an offer, solicitation or sale in any jurisdiction in which such offer, solicitation or sale would be unlawful.
